

Michèle Shockey

C'est sans doute le destin qui m'attire à l'Alliance Française: ma mère française était le professeur de mon père américain à l'Alliance du boulevard Raspail à Paris. J'ai grandi en parlant français, et j'ai adoré enseigner sa langue, sa littérature et sa culture pendant 45 ans! Maintenant que je suis à la retraite de l'enseignement public, ce serait un plaisir de continuer ma passion de partager mes connaissances du monde francophone, aidé par mon expérience et TV5.

BA in International Relations, MA in Education, Stanford University.

Further study includes summer work at the Institut de Touraine, Institut d'Avignon, Middlebury College, and Monterey Institute for International Studies.

- **Assistant Examiner of International Baccalaureate Examination, French Language B.**
- **Member of Advanced Placement French Test Development Committee and Reader and Table Leader for AP French Examinations.**
- **Chevalier, Palmes Académiques.**
- **Stanford Teacher Education Program Director's Award for Outstanding Contributions to Teacher Education.**
- **Teacher of French for 35 years in Palo Alto Unified School District.**
- **Recently retired from seven years in Santa Rosa City Schools, Santa Rosa High School and Montgomery High School.**
- **Alliance Française teacher (children through adults).**

It must be destiny that draws me to the Alliance Française: my French mother was my American father's teacher at the Boulevard Raspail Alliance in Paris. I grew up speaking French and have enjoyed teaching its language, literature and culture for 45 years! Now that I'm retired from public schools, it would be my pleasure to continue my passion of imparting knowledge of the francophone world, aided by previous experience and TV5.
